B&H Bonds
a subfund of Buy & Hold Luxembourg
Class 2 EUR (Accumulation) LU2278574988
 Management Company: Buy&Hold Capital SGIIC, S.A.

Objectives and Investment Policy

The Investment Objective of Buy & Hold Luxembourg – B&H Bonds (the **Subfund**) is to achieve capital appreciation in the long term with a higher degree of principal stability investing in fixed income investments issued mainly in the European Union Member States or candidate countries to integrate the European Union.

The Subfund uses Barclays Euro Agg Corporate Bond Index – European corporate fixed income index as a benchmark index to compare its performance.

The Subfund shall:

In general terms the maturity of the portfolio in fixed-income or floating rate securities is between 0 and 10 years.

The Subfund may invest in fixed income securities with non-investment rating from one or more rating agencies, non-rated fixed income securities and Contingent Convertible Debt Securities; The Subfund is focused on obtaining high yields and thus it usually invests in non-investment grade securities, that may be “high yields” fixed income assets than have lower credit rating, lower than BBB- (S&P) if the assessment is that the yield

premium offered more than compensates for the higher risk of default on the debt’s interest and principal.

In addition, the Subfund may invest in securities of issuers which are domiciled in other secondary markets than the European including the so-called Emerging Market Countries.

The Subfund may also invest in fixed-rate bonds and debentures, promissory notes, floating or variable interest rate, transactions with Spanish government debt and other financial assets with periodic explicit returns or implicit returns on maturity, including deposits, preference shares, convertible debentures and listed monetary market instruments

The Subfund may target to invest more than 25% in securities issued or backed by an EU Member State, Spanish Regional Authority (**Comunidad Autonoma**) a Local Authority, International Organisations of which Spain is a member and States with a credit rating not lower than that of the Kingdom of Spain.

The Subfund will not invest more than 25% of its Net Asset Value in Contingency Convertibles Debt Securities

Risk and Reward Profile

Historical data used may not be a reliable indication of the future risk profile of the Subfund.

This category is not guaranteed to remain unchanged and may shift overtime.

The lowest category does not mean a risk-free investment.

This indicator is a simulation based on the historical volatility of the reference portfolio a Spanish investment fund qualifies as an undertaking for collective investment in transferable securities which has been merged into the Subfund (the “merging sub-fund”) over the past 5 years and places the Subfund in this category.

The Subfunds’ capital is not guaranteed.

The Subfund is subject to the following risks that are not fully taken into account by this indicator:

- **Credit Risk:** it represents the risk that an issuer will not be to meet principal and interest payments on its obligations. This risk exists particularly for high yield debt securities.
- **Counterparty Risk:** the possible use of over-the-counter derivatives exposes the Subfunds to the risk that the counterparty will not settle the transaction in accordance with its terms and conditions. This could result in substantial losses to the Subfunds.
- **Liquidity Risk:** it refers to the inability of the Subfunds to dispose of investments at a price equal or close to their estimated value within a reasonable period of time.

For more information about the risks you may face when investing in this Fund, please refer to the sections “Risk Factors” and “Subfunds” of the prospectus.
